**Symbol: CSE:** NEON | **OTCQB:** NMDBF

**Market Cap:** 16.9M

**Sector:** Psychedelics

**Purpose:** Raise Awareness / Open Market Buying

NeonMind is engaged in preclinical research to develop potential clinical treatments and wellness products to address obesity and weight management conditions and to promote health and wellness. The Company operates three divisions: (i) a pharmaceutical division engaged in drug development of psychedelic compounds with two lead psilocybin-based drug candidates targeting obesity; (ii) a medical services division focused on launching specialty mental health clinics that integrate psychedelic therapeutics into traditional psychotherapy settings; and (iii) a consumer products division that currently sells mushroom-infused products to promote health and wellness.

### **Investor Bullet Points:**

- NeonMind Biosciences (Canada: NEON) (U.S.: NMDBF) (Europe: 6UF) is a biotechnology company focused on utilizing psychedelics as a treatment for chronic weight management in obese patients
- In its pharmaceutical division, NeonMind has two distinct psilocybin drug development programs targeting obesity. NeonMind's first drug candidate employs psilocybin as an agonist to the serotonin receptor 5-HT<sub>2A</sub>, which is involved in the hallucinogenic effect of psychedelics. The Company's second drug candidate employs low-dose psilocybin as an agonist to the 5-HT<sub>2C</sub> receptor, which controls appetite.
- NeonMind established a medical services division with the goal of launching NeonMind-branded specialty mental health clinics in Canada that incorporate evidence-backed innovative treatments to address a variety of mental health needs.
