

## **Latin Metals**

**Symbol:** TSXV: LMS | OTCQB: LMSQF

**Sector:** Resource

Latin Metals is a copper, gold, and silver exploration company operating in Peru and Argentina under a prospect generator model focused on minimizing shareholder dilution while maximizing exposure to discovery. The Company advances projects through strategic partnerships with mining and exploration companies that fund exploration and drilling activities, allowing Latin Metals shareholders to maintain exposure to multiple exploration catalysts across a diversified South American portfolio. Current partnerships include projects with Moxico Resources and Daura Gold, alongside a pipeline of wholly owned assets available for future partnership opportunities.

## **Investor Highlights**

- Approximately 18,000 metres of partner-funded drilling planned across the portfolio in 2026 through programs with Moxico Resources and Daura Gold
- Exposure to copper, gold, and silver discovery through a diversified South American exploration portfolio across Peru and Argentina
- Prospect generator model designed to minimize shareholder dilution while maintaining exposure to multiple exploration and discovery catalysts

## **Elyssia Patterson, VP of Investor Relations**

Elyssia Patterson is Vice President of Investor Relations at Latin Metals and has over 15 years of experience in corporate communications, investor relations, and capital markets focused on the mining sector. She is responsible for leading the Company's investor communications strategy, market outreach, and corporate positioning while supporting the advancement of Latin Metals' prospect generator business model across South America. Ms. Patterson works closely with management, shareholders, and the investment community to communicate the Company's exploration progress, partnerships, and long-term growth strategy.
